

Job Offer: Student Assistant

We are looking for you as student assistant (SHK) in our team Bicycle Traffic (Head: Prof. Dr.-Ing. Heather Kathes)

YOUR PROFILE:

- Enrolled as a student at the University of Wuppertal.
- Interested in bicycling, technology and scientific experiments
- Experience in practical work with technology
- Very good German language skills
- Good English skills are a plus

YOUR TASKS:

- Assist with real-world experiments on the road and with VR experiments with our bicycle simulator
- Independently work on long-term data collection with sensor bicycles
- Collaborate in the development of new sensors and devices
- Support testing and optimising the bicycle simulator

We look forward to receiving your application (motivation letter, CV, current certificate of study, and if applicable, evidence of a severe disability) via the online portal of the University of Wuppertal: <https://stellenausschreibungen.uni-wuppertal.de>.

At the University of Wuppertal, we value the individual and cultural differences of our university members and are committed to equality, equal opportunities and the compatibility of family and career. Applications from people of all genders and people with disabilities are welcome.

Women will be given preferential consideration in accordance with the State Equality Act of North Rhine-Westphalia, unless reasons relating to a male competitor outweigh this. The rights of persons with severe disabilities to be given preferential consideration in cases of equal suitability remain unaffected.
